## **INDEX OPTIONS TRADER**

### **ABOUT THE COMPANY:**

Founded in 2011, the Maven organisation engages in proprietary trading & market making activities across global financial markets. Maven is headquartered in London and has over 65 employees.

We are looking for an ambitious, proactive and hardworking index options trader to join our new Hong Kong office. The successful candidate will have a proven profit/risk management history and be willing to trade Index Options on Asian equities as well as help set-up new products. This is an excellent opportunity for an experienced trader to help build an Asia-focused operation for an established European trading firm.

This is a permanent and full-time role based in Hong Kong (with initial assessment and training in London) and comprises an annual base salary plus benefits and discretionary bonus.

### **CANDIDATE SPECIFICATIONS:**

- Prior index options trading experience at a leading, technology-focused trading firm;
- Relevant product experience;
- Familiarity with automated options trading strategies and an interest in their development;
- Outstanding numerical and analytical skills;
- Excellent attention to detail;
- Fast problem solving skills; &
- Programming skills (desirable).
