

EUROPEAN INDEX OPTIONS TRADER JOB SPECIFICATION

Permanent and full-time role based in London

Remuneration: Annual base salary plus benefits plus performance linked bonus

We are looking for an ambitious, proactive and hard-working Index Options Trader with a proven profit / risk management history to be a part of our expanding trading desk. The eligible candidate must be willing to trade Index Options on European Equities, predominantly on Eurex, Euronext and TOM Exchanges and help set-up new products. Other requirements for eligible candidates are:

- Prior index options trading experience at a leading, technology-focused trading firm
- Familiarity with automated options trading strategies and an interest in their development
- Outstanding numerical and analytical skills
- Excellent attention to detail
- Fast problem solving skills
- Programming skills (desirable)
